

## CABERNET SAUVIGNON RESERVE 2000 FACT SHEET

### ABOUT THE VINEYARD

Since its founding in 1979 in Rengo, 114 Kilometers South-East of Santiago, Torreón de Paredes winery has had one clear, guiding principle: A good wine can only be produced using top quality proprietary grapes.

This fundamental purpose gives the wines of Torreón de Paredes, which sits in the middle of the well-known Cachapoal Valley and carries the Rapel appellation, the unique characteristics of a celebrated winery.

### TECHNICAL NOTES

This very mature wine was made out of very low yields that were the results of a very special year. Fermentation was conducted with a long maceration, and then the wine was aged in new French oak barrels for 12 months. A light clarification preceded its bottling.

### TASTING NOTES

Deep brilliant ruby colour with dark notes. The nose is full of red and ripe fruits with vanilla, menthol, coffee and dry plums. The palate is a mouthful of firm tannins that will ensure a long life for this reserve wine.

### SERVICE TEMPERATURE

Best served at a temperature of 16 to 18°C.

### VINTAGE

2000

### COUNTRY

CHILE

### WINE REGION
